Allowable Subject Matter

1. Claims 1-32 are allowed.
2. The following is an examiner's statement of reasons for allowance:

None of the prior art of record taken singularly or in combination taught or suggested a method or system of access control mechanism, which limit access of temporary users in a network according to a visitor database holding temporary access record information and a server control engine receiving the temporary access request, examining the request in accordance to the database having therein temporary access records **in combination with** the functional limitation of **determining if a temporary user is a previously registered temporary user and if so, the access control mechanism further examining if the previously registered temporary user has exceeded the access limit; the access control mechanism denying access if the previously registered temporary user has exceeded the access limit and increasing the access limit if the previously registered temporary user has not exceeded the access limit** (as recited in claims 1, 12 and 20).

These newly amended functional limitations are fully supported by the specification in Fig. 4 and Page 12 Line 1 through Page 13 Line 3.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
